

A ONE-STOP-SHOP TO ASSIST YOU IN FINDING ANSWERS TO YOUR HEALTH AND ENVIRONMENTAL CONCERNS.

The CLEHR Network is a repository of information that can be searched by key subjects. It provides you with information that can be viewed in pdf, graphic, audio and video formats. Sign in and watch pre-recorded or live webinars on subjects that pertain to "you". Chat or VideoChat with organizations who might be able to help you with your needs.

Participants in the network include relative health care, environmental and nonprofits with the ability to assist and guide you. They're all in one place and ready to help you solve issues regarding lungs, environment, health, and radon!

DOCUMENT LIBRARY

PDF documents available that are relative to your concerns. Save them for later viewing or printing.

VIDEO LIBRARY

Pre-recorded videos in an unlimited library to educate and guide you. Search by keyword and find relative information about a subject you need help with.

AUDITORIUM for WEBINARS

Video Platform Integration that hosts Zoom presentations, webinars and breakout sessions without exiting the platform. Not using Zoom? View presentations with any video platform you like, such as YouTube, Vimeo and WebEx.

TEXT AND VIDEO CHAT ROOMS

Allow multiple attendees to interact with organizations and admins through text or video chat. Representatives and attendees can also get into 1:1 discussions over text, audio and video chat.

Host Topic-based Roundtables

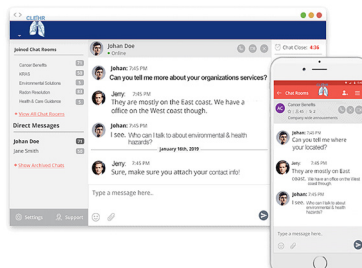

Set up roundtables where users can share ideas about any topic in a small group setting. Allow attendees to discuss important topics and solve problems together via video chat.

VIRTUAL SWAG BAG

Viewers can save their search information to their virtual bags for later reference.

VENDOR BOOTHS FOR SOLUTIONS

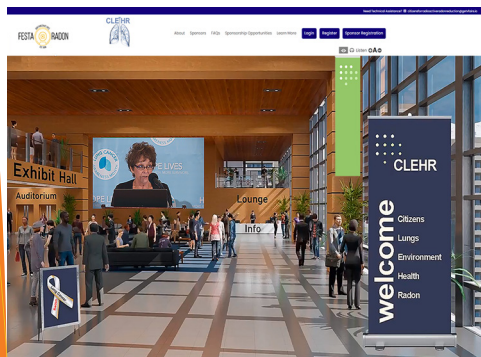

Booth admins and visitors interact with each other via group and private video or text chat. They can use text, video, and audio formats to connect and network.
